WHY WORK WITH ME

Technical Depth + Business Execution

PhD-trained AI expertise deployed through enterprise consulting frameworks. Bridging cutting-edge research and operational reality.

Proven Track Record

Trusted by world class companies, global and regional banks, and industry leaders. Multi-year engagements delivering measurable outcomes.

Technology-First Approach

Building platforms that solve operational problems. Real deployments with ROI focus, not slide decks or case studies.

HOW WE WORK TOGETHER

01 Strategy & Roadmap, AI transformation strategy aligned with business objectives

- Technology evaluation and vendor selection
- Organizational readiness and change management
- Executive and operational team alignment

02 Custom Development, Bespoke AI systems built for specific operational challenges

- End-to-end: research → production → scale
- Integration with existing infrastructure
- Production-grade systems, not prototypes

03 Education & Enablement, Build internal AI capability and maximize investments

- Executive workshops on AI strategy
- Technical training for operational teams
- Optimization of existing AI investments

TRUSTED BY

Big 4 consulting firms • Global and regional banks • Enterprise leaders across industries

ABOUT

AI transformation isn't about technology, it's about enabling better decisions. My approach combines academic rigor with business pragmatism, ensuring AI initiatives deliver measurable business value.

My journey: PhD research in AI/NLP → Big 4 consulting (Sr1 to Sr Manager in 3 years) → Technology entrepreneurship. Today I combine consulting expertise with hands-on development through Heroo Technologies, teach at FABIZ, and lead Aspire Academy as President.

Analytical capabilities backed by **Mensa** and **Triple Nine Society** membership, bringing exceptional problem-solving rigor to complex business challenges.

RECOGNITION & AFFILIATIONS

- Best Paper Award, ICBE 2022
- Mensa & Triple Nine Society Member
- Research Project, Romanian Academy of Scientists (AOSR)
- President, Aspire Academy

LET'S BUILD SOMETHING EXCEPTIONAL
